Minimum score for functionality

In order to be considered for a contract in terms of this bid, bidders must achieve the minimum score for quality as stated below. The description of the functionality criteria and the maximum possible score for each is shown in the table below. The score achieved for quality (SO) will be the sum of the scores achieved for each individual criterion.

Description of quality criterion score	Maximum possible
Expertise of key personnel	20
Availability/allocation of resources	20
Quality Assurance Systems which ensure compliance with employer's stated requirement	20
Approach Proposed to attain the Employer's Stated Objectives (Including Training	20
Track record of tenderer (sewer related projects)	20
Maximum possible score	100

Tenderers must achieve a minimum of 70 points to be found responsive. Tenderers that failed to achieve the minimum score for functionality will be rejected.
